

Prescribing perspectives: A focus on weight management

Are you struggling with confidence in conducting and documenting consultations around weight management medicines supply?

If so, this is an event to support you. It is **free** and open to all pharmacy professionals who are involved in, or are considering becoming involved in, providing weight management medicines.

The workshop takes you through a safe prescribing approach to consultations whether you are an independent prescriber, supplying under Patient Group Directions or just looking to learn more.

During the programme, we are introduced to Nadine, a person seeking support for weight management, and Emma, the pharmacist she consulted with.

This service also supports the new Fit for the Future 10-year NHS plan.

We are running this workshop twice in your local area in October:

1st October 2025 from 7:15pm-9:30pm at Mercure Thame Lambert Hotel, OX49 5SQ. (Just off junction 6 of the M40.)

13th October 2025 from 7:00pm-9:15pm at Pine Ridge Golf Club, Frimley, GU16 9NX.

Refreshments and a light vegetarian buffet will be served half an hour before the workshop starts.
